

Orca UHF Handheld Terminal

UHF Handheld Terminal for Textile Services Applications

HID Textile Services' handheld terminals offer a convenient mobile linen inventory solution. Lightweight and compact, they embark a powerful RFID RAIN® (UHF) reader providing outstanding read and write performance.

DESCRIPTION

Orca-50-Air UHF handheld data terminal offers optimal performance and excellent multi-tag identification ability. Orca-50-Air offers a lightweight, elegant and compact design, featuring a large 5.00"

LCD screen. It uses industrial and military grade components to ensure stability and endurance in harsh environments, with excellent drop protection. Its pistol style hot swapping battery system makes backup battery more convenient to be restored, so that the operating time is unlimited.

HID Textile Services provides an innovative and highly performant Cloud-based Linen Inventory Management Platform (ACUITY), enabling the industrial Laundry industry worldwide as well as their Hospitality and Healthcare customers, to gain continuous access to real-time inventory visibility/availability of their textile assets and to make intelligent business decisions to increase their profitability.
